

NATIONAL FASTPITCH COACHES ASSOCIATION

RECRUITING 2012 CAMPS

YOUR DREAMS START HERE.

WHY SHOULD I ATTEND?

- #1 To allow college coaches to scout me in a professional atmosphere and in a relatively short period of time.
- #2 To allow the college coach to see lots of reps at my chosen position.
- #3 To guarantee a coach sees me field, throw and hit in case I don't get that chance in the scouted tournament game.
- #4 To permit the coach to select athletes to follow in the upcoming tournament.
- #5 To get my profile, including contact information, academic information, academic/athletic honors and individual statistics, in the hands of lots of coaches.
- #6 To get my camp results posted on the web site for all coaches to review.
- #7 So that my parents and I can attend the recruiting seminar to enhance my knowledge of recruiting rules, eligibility requirements and exposure opportunities.

WHAT PEOPLE ARE SAYING...

PARENTS

"I thought it was a great camp, very organized and well-attended by college coaches. Ashtin received lots of attention from Division I coaches as evidenced by receipt of letters and e-mails. I would recommend this camp to other parents of softball athletes." *Trent Stephens, Blue Springs, Missouri*

"You spoke at the first NFCA camp that my oldest attended, and I clung to every word. Because you were able to inform me as a parent, I was able to help both my daughters do the work it takes to get recruited and they both played ball in college while getting their education." *Terrie Heidemann, Houston, Texas*

"My daughter got the opportunity to expose her softball skills to college coaches in a professional atmosphere and it resulted in lots of interest from college coaches. As a parent, I enjoyed the recruiting presentation that helped me to understand the recruiting process. I will tell other parents to enroll their daughters if they really desire to play college ball. It is truly the best way to get seen by college coaches." *Kim Davis, Carthage, Texas*

"This was the best value we have found in attending camps. Well done! No wasted time. The camp was well-designed and efficiently run. This reflects most positively on your organization." *F. R. Grossman, Glen Ellyn, Illinois*

"I attended
Pennsbury,
Sparkler,

COLLEGE COACHES

Fireworks and Stop
DWI camps and thought that all four
ran very smoothly. I heard nothing but
compliments from college coaches and
parents alike. Some things that really
caught my eye:

- The coaches' book was organized and easy to read, and, the SAT scores were broken down into the three sections.
- The staff remained positive and encouraging even in the heat of the day.
- The numbers on the front and back of the shirts and the different colored bands on the wrist for graduation year.
- The NFCA field general kept the flow moving quickly from field to field with little waste of time.
- The parent session during the Sparkler camp was right on the mark.

As a former school administrator who evaluated hundreds of teachers, coaches and programs, I can honestly say that your camps would receive an 'Exceeds Expectations' rating."

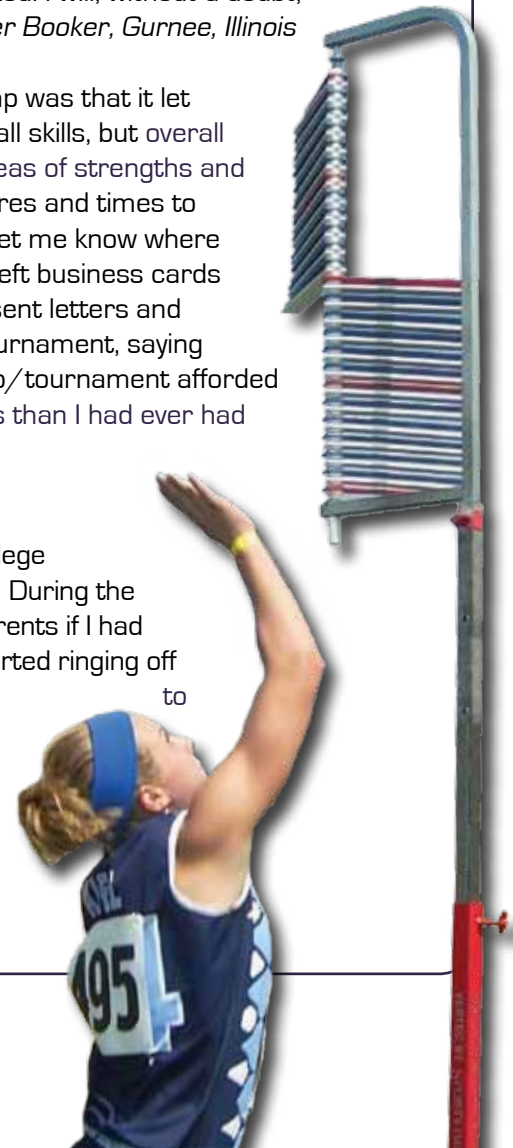

Bob Baxter, Assistant Coach, Fordham University

"I expected this camp to be about the same as other camps I had attended. But, I was blown away with the college coach turnout and all the drills we were put through. This camp definitely met my expectations and raised the bar for any future camps. Everything was so well organized. I will, without a doubt, plan on attending next year." *Alexander Booker, Gurnee, Illinois*

ATHLETES

"The most helpful thing about the camp was that it let me "strut my stuff," and not just softball skills, but overall athleticism. It really highlighted the areas of strengths and areas to work on, too. Comparing scores and times to softball players from all over the U.S. let me know where I really rank. Several college coaches left business cards with my travel ball coach. Even more sent letters and questionnaires after the camp and tournament, saying that they had seen me play. This camp/tournament afforded me more exposure to college coaches than I had ever had before." *Macy Burr, Plano, Texas*

"I went to this camp with the hope of demonstrating my pitching skills to college coaches, and it helped me do just that! During the camp, my travel coach asked team parents if I had just pitched because his cell phone started ringing off the hook. College coaches were calling to express interest and to see if I had already committed. That is exactly the type of interest I was hoping for by attending the camp. I definitely recommend this camp to any pitchers interested in playing college softball." *Stacy Kuwik, Fairport, New York*
